DETAILED ACTION

Receipt is acknowledged of Applicant's amendment filed on April 13, 2004.

Claims 1-49 are presented for examination.

Reissue Applications

Claims 1-49 are rejected under 35 U.S.C 251 for lack of reissuable errors and as lacking statutory basis. Claiming subject matter in the issue application which was canceled in response to a restriction requirement during prosecution of the original patent during prosecution of the original patent is prohibited in the reissue application. In re Orita 193 USPQ 145. Reissue applicant's failure to timely file a divisional application is not considered to be error causing a patent granted on elected claims to be partially inoperative by reason of claiming less than the applicant had a right to claim. Thus, such applicant's error is not correctable by reissue of the original patent under 35 U.S.C 251. MPEP 1402 (Last paragraph).

Response to Arguments

In the response filed on August 18, 2003, and in any subsequent responses thereafter, Applicant has failed to provide an argument regarding to the above rejection.

Conclusion

1. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not
